From the President

First off, I want to thank everyone who attended and contributed to our Christmas gathering. Old friends had a chance to visit with old friends and catch up with past and current events. We missed what was billed as the storm of the season by 12 hours. Oh thank Heaven for 711, "great timing." I believe the food was excellent and a good time was had by all.

The Christmas Season is almost upon us and I believe we all have a lot to be thankful for. I personally give thanks for 7 lovely and healthy grandchildren whom my wife and I get a chance to visit often. Chaplin Frank Russell made a timely blessing during his invocation and his thoughtful remembrance of the passing this year of EOW members and the more recent departure of our own fallen brothers, Deputy Danny Oliver and Placer County Deputy Michael Davis.

Trying a new luncheon venue was kind of scary for me, but overall things worked out well. Attendance was up and our guest speakers contributed timely and entertaining topics. The staff at the SPOA worked hand in hand with us lending their facility and equipment at no charge to our club.

I would ask that all members who live locally to mark your 2015 calendars for the second Wednesday of every month and try to attend the luncheons when possible. Your presence contributes value to our luncheons. Plus, the few dollars we might make is earmarked for the benefit of our law enforcement community.

Thanks again everyone for a great 2014.

Christmas and Holiday best wishes to all, Dave Evans

Officer Safety ... Threats to Active and Retired Peace Officers *

The following information was sent out on 12/20/14:

Late last week an online group claimed to have killed 6 retired Law Enforcement Officers in Colorado in retaliation for Darren Wilson in Ferguson MO. The group stated that they were going to hunt two more officers this week. The group called for people across the country, to join them and kill any cop or retired cop.

In light of this recent posting all officers are reminded to maintain vigilance and heighten officer safety.

* Not for public release—therefore I edited the material and LE sources.
